

Surgical Techniques and Innovations

A technical working group meeting

27th & 28th February 2019

The LASA Animal Science (Transgenics) Section invites you to our **first** technical forum on the topic of **Surgical Techniques and Innovations**.

The meeting will be built around short technical presentations, with the majority of the sessions dedicated to open discussions on your experiences. Lunch and refreshment breaks are included, providing time to build firm bridges with others working in the field.

I wish to book a place at this event;

Full Name: _____
 Organisation: _____
 Address: _____
 Telephone: _____ Email: _____
 LASA Membership Number (if applicable): _____
 Special Dietary Requirements: _____

Fees (excl. VAT):

Expiry Date:		Start Date:		
Billing Address:				

In addition, please email your 3 digit security number to info@lasa.co.uk which we require to process your payment.

Please complete the Registration Questionnaire overleaf...

Registration Questionnaire

To help us tailor the sessions appropriately, please complete the following questions;

Number of Years' Experience in Transgenic Field:	
Your Speciality/Area of interest:	
Do you carry out one-person or two-person surgery?	
Please give a brief overview of your embryo transfer procedure:	
Have you implemented any refinements recently that you could share with the group in one slide (e.g special anaesthesia; analgesia; drapes; a surgical assistant; an alternative to clips, etc.)?	
Do you use non-surgical alternatives to surgical embryo transfer?	
Do you vasectomise or use sterile males? Which ones?	
Is there anything else not on the agenda but related to the topic you'd like to hear a talk about or would be willing to share your experience about?	

Thank you for your feedback.
